

How to Create a Smore Account

1. On Smore's welcome page, begin by clicking the button that says "Try Smore now (it's free)," located in the middle of the page.

2. A dialog box will open asking you for some basic information to setup your account. After you have filled in all boxes click "Start using Smore now."

A screenshot of a sign-up dialog box. The title bar says "Sign up" with a lock icon, and there is a link "Already registered? Log in" and a close button (X). The form contains the following fields: "Email address" with a search icon, "First name" and "Last name" side-by-side, and "Password" with a strength indicator icon. Below the fields is an orange button labeled "Start using Smore now". Underneath the button is the word "or" and a blue button labeled "Sign up with your Facebook account".

3. After you have created a [Smore account](#) and logged in, you should be brought to your main dashboard page. You are now ready to create your first Smore. Please refer to the Creating a Smore tutorial.
